## **ZETTA EXECUTIVES TO SPEAK AT STORAGE NETWORKING WORLD AND CLOUD COMPUTING EXPO**

### **Zetta Enterprise Cloud Storage Wins “2010 Hot Technologies and Solutions” Award**

**March 31, 2010 – SUNNYVALE, Calif.** - Cloud storage service provider [Zetta](#) today announced that its technology executives will be speaking at two upcoming industry events. [Jeff Whitehead](#), the company’s CTO, will present a session on “Building and Managing a Multi-Petabyte Storage System” at [Storage Networking World](#) (SNW) Spring 2010 on Wednesday, April 14, 2010 at 11:45 a.m. in Orlando, Fla. [Chris Schin](#), the company’s VP of products, will present a session on “Cloud Storage Use Cases – What is Working, What is Not” at [Cloud Computing Expo](#), taking place on April 19-21, 2010 in New York City. Zetta will be demonstrating its Enterprise Cloud Storage solution at Cloud Expo booth #136.

The Zetta Enterprise Cloud Storage solution has been recently named a “[2010 Hot Technologies and Solutions](#)” winner at the [Technosium Executive Alliance Forum](#) in San Francisco. Zetta Enterprise Cloud Storage delivers Network Attached Storage (NAS) on-demand, satisfying companies’ enterprise storage requirements for unstructured data with the features of an on-premise enterprise-class NAS system, but with the flexibility and cost advantages of a service-based, on-demand business model.

SNW is the world’s largest event for IT executives/managers, vendors, channel partners, press and analysts involved in storage, data center, infrastructure, and business continuity. At SNW,

attendees can choose from more than [150 educational sessions](#) and network with peers from around the globe, plus visit with top solutions providers in the world's largest Expo devoted to storage and related technologies.

Cloud Computing Expo New York, expecting 5,000 delegates, will feature more than 200 technical sessions from the leading cloud industry players in the world. All main layers of the cloud ecosystem will be represented — the infrastructure players, the platform providers, and those offering applications.
